Jennifer:

Hello everyone and welcome to Predictions Week 2022. It's funny. I don't talk very much these days because I've got COVID, and whenever I come on here to do my intro, I realize that I have my wonderful cold, deep, sexy voice. Welcome everyone to 2022. It's awesome having you in this amazing program and you are in for an enormous, enormous treat today. Thomas John is with us. You're going to see, he's just absolutely remarkable.

Jennifer:

Thomas is a psychic medium. I know that he doesn't like to talk about himself at all. He's such a beautiful man. But he has this uncanny ability of accuracy that is nothing like I have ever experienced. I have been in the world of mediums for decades, and I have never experienced anything so profound and beautiful.

Jennifer:

Thomas is our celebrity medium as well. He's a global psychic sensation who wows audiences across the world with his impressively accurate messages from the other side. His events are sold out. He has had two television shows. He has a residency in Caesars Palace in Vegas, which, as you know, is huge. And he has worked with people that you know and have seen. He is in high demand with influencers, A-list celebrities, and anyone who's at the crossroads in life from coast to coast and around the globe. He has been prominently featured in top print media, including New York Magazine, the Wall Street Journal, the New York Post, GQ, Okay Magazine, Hollywood Reporter. I've seen him personally on Entertainment Tonight and Access Hollywood. He has been in the Hollywood Reporter. He has made appearances on Dr. Phil, on Bravo's Million Dollar Listing, on New York's Real Housewives of New York and more. We are so incredibly blessed and honored to welcome Thomas John to MasterWorks Healing Presents Predictions Week. Thank you, Thomas for joining us today. It is always a delight to have you here.

Thomas John:

Thank you so much for are having me. I'm delighted to be here as always.

Jennifer:

Oh, beautiful. Thomas, I know that you have some predictions. We have an amazing offer where Thomas does his annual handbook, a PDF download of all his predictions for the year. But what are some of the highlights that you are seeing for this year? And then we'll dive into some session work.

Thomas John:

I want to capitalize on what you were saying, which is that the opening of the heart chakra came up so much for me in meditation, because as you mentioned, I do my prediction packet every year and it comes with the monthly energy profiles. And that came up over and over and over again that there is definitely a major shift that is happening and people are going to be really tapping into their heart centers and really wanting to make those big, big changes. And I feel that for some people, I see it being very smooth sailing, it happens and it's fine. And then I see for some people that it's going to bring up a lot for them and it's going to be sort of something where they're going to have to really dig internally.

Thomas John:

I think with the themes that we saw in 2021 and 2020, there is an energetic transparency that is happening, where everything is coming into the forefront, everything is being seen. We have so much

where people are really tapping into their intuitive gifts and they are becoming sort of a natural part of just how they exist in the world, how they show up on a day- to-day basis. We are going to see that definitely enhancing. I feel that, as we go in 2022, we are still seeking answers to some of the big problems in our lives, but I feel that more and more, we are realizing the answer is that we may have to turn to biological or scientific sources. And not to say that we won't, but we are also realizing the huge impact of needing to incorporate the spiritual, the emotional, the more metaphysical aspects of things and really to integrate those perspectives. I think that is going to be a major thing for people as well.

Jennifer:

Oh, that's great. Whenever you speak, it feels like there is a massive number of people on the other side that are bringing the energies of some of those words forward. I'm feeling as you talk about heart opening. And I'm feeling just kind of a relief in what you're saying, which is that everyone on this call has been pursuing the emotional, physical, and spiritual deeply. And to know that there is going to be an expansion of that so that we will no longer be kind of in the void yelling.

Thomas John:

Right.

Jennifer:

There will be some people that are open to hearing us and acting upon their own emotional, metaphysical and spiritual. Is that the idea?

Thomas John:

Yes, I see it definitely coming more to the forefront. I see us getting a lot more validation about that. And, in many situations, people that you work with in this community, are going to be called to the forefront of being experts of maybe guiding the light descending because some of them have kind of done that work. And, especially within this community, there are going to be chances for you to really shine.

Thomas John:

I think that in the past, people have not quite caught up to it. And now I feel like that energy is shifting, people are starting to really be able to go there in their minds. That is going to be a major significant thing, like, "No, this is a real system of thought." And I see a lot of people, especially within communities like yours, where their expertise are being seen in that way of leading that.

Jennifer:

Oh, that's wonderful. Thank God. That feels really good. Thank you, Thomas, for that. And there is so much more that Thomas has to share. You can also go to www.predictionsweek.com/thomas2022 to check out his special offer. And one of the most popular items in that special offer is of course his powerful guidebook. This is your 2022 guidebook of predictions and affirmations. He gives you international predictions in trends, health, and news and events, celebrity predictions, global changes, et cetera. And he just tells it like it is. Some of this stuff is not all super positive, but what he does share in the affirmations is that he just brings through what comes through, and he doesn't soften the blow.

Jennifer:

But none of it is scary. Because it all comes from an opportunity to move from this heart open space. And it's all here for us, guiding us to these openings and all of humanity to these openings. If you want to learn more about all the predictions he has, and these wonderful personal affirmations that come from the other side through Thomas and his brilliance that are here to guide us through this whole year. And on top of that, there is also a live event coming up on February 24th. You get to experience a daily prayer from Thomas as he taps in powerfully to his guides and brings forward daily prayers for you. There are three brand new programs. There is an eight-part video series about developing your intuitive mind following your intuition. There is a four-hour master class recording on your soul mate. Understanding the common misperceptions on soul mates. There is also a powerful program on meeting your spirit guide.

Jennifer:

I can't think of anyone better than Thomas to help you. Well, actually, all of our guided speakers can do this, but Thomas has pretty direct connection. If you have specific questions, he shows you how to access those. How to release ancestral and your own karma, and also, really call the angels in. Those are free meditations that are all short, beautiful little meditations. This is worth well over \$500 and it is yours for a quarter of that.

Jennifer:

Let's dive into some session work. We're going to now do a little extra special something, we're going to hold an intention so that everyone is going to receive what they need and require. This works every time. And in these moments, we are going to take our right hand and we're going to put it on our heart. And if you're multitasking, stop what you're doing. It is these small actions that add up to create big manifestation, take this small action. Put your hand on your heart, bring an energy of intention, bring an energy of presence and even conviction to what you are about to say. You're going to repeat these exact words to yourself after me. "May the perfect people be chosen to work with Thomas John today, so that I receive at the highest levels."

Jennifer:

That was really good. We've got that intention in the field. Now, we're going to say it one more time, slightly differently. Say this to yourself with conviction and presence, "May the perfect people be chosen to work with Thomas John today, so that I get exactly what I need at this time." There we go. That was good. That intention that you just said with conviction and presence is now in the field. And that means that the field says yes every time and is about to give you the messages that you need, even if you are not chosen to work with Thomas.

Jennifer:

Another thing that you can do right now is write down on a piece of paper, what you need to inquire or what you'd like some support with. And every time Thomas says something that resonates with you, just write it down. And you might get two or three different little pieces that are like, "Oh, that really pinged." Write it down. And you might even get up to 10. As you read those back against what you wrote down what you need and require, you will have your own personal reading. Okay. Thomas, would you pick a number from one to 254?

Thomas John:

Let's do 200.

Jennifer:

200. All right. We're going to caller number 200. Is that Sandra? You're on the air.

Sandra:

Yes. I need some help with finding root cause of some recent medical problems.

Thomas John:

Okay. For some reason when I'm focusing, I see there are a couple of things going on, but I do see things really kind of deep down in your stomach and also your lower back.

Thomas:

I also want to tell you too, this is something that they're showing me at an emotional level, that you are clearing from a long, long time ago. I feel like there's an aspect of this that is almost like... because there was always an emotional, spiritual and biological, but they're giving me the feeling... I don't know if that feels right to you, but they're showing me some of this stuff, it's almost early childhood stuff. It's kind of coming up now, that's what they're showing me, and that's more the psychological aspect of what's going on for you biologically. I see there actually being a powerful change though, and I see there being a really, really big shift. And I see that being in the next probably two months. I feel like this shift is going to happen within the next two months.

Sandra:

Okay.

Thomas:

Also, they're just kind of bringing this up to me, make sure you're really looking at some of the nutritional underpinnings because they're showing me that there is kind of an aspect of that as well. I feel like that is something that you want to look at, diet, nutritional things, things like that. That could be a part of it too.

Sandra:

Okay.

Thomas:

Have you looked at that at all?

Sandra:

Well, I can tell you're hitting it right on. I was diagnosed with chronic kidney disease, stage three, and then a pancreatic insufficiency. For about five years, I've been having some severe pain and I could never get to the root cause of the pain. It starts in mid line of my chest and goes down to the top of my waist and then back into my back. I might get nauseated, I can't do anything, but I have dry heaves. They've come up with, "Well, there's nothing wrong, nothing wrong," and I'm thinking like I'm crazy.

Thomas:

Yes. No, you're not crazy. I don't think you are crazy. There is definitely a block there. They might not be able to sort of see the whole thing because I feel like some of it is related to emotional stuff that you're clearing, so I think there could be an aspect of that. Maybe that is why things are kind of holding back a little bit.

Sandra:

Okay. What would you recommend that I do as far as trying to continue moving on in the positive direction?

Thomas:

As far as diet and things like that, is that something that you are starting to work on - the diet and stuff?

Sandra:

Yes. In 2002, I had the gastric bypass, and then in September of '20, I had a thyroid low partial lobectomy and I gained a little bit back. I'm trying to get back on that, but because of the pancreatic deal, they had put me on some medication called Creon, it's enzymes that they say I don't have. And they said for that reason, because I'm not digesting the food and everything, that I'm going to have a difficult time losing weight. And right now I'm just kind of journaling what I eat so that I can maybe determine any episodes that caused me to have a problem, and then try to eliminate those foods. I'm very frustrated. I had surgery, they did exploratory in October and they found some adhesions, things like that. And I thought, well, hopefully the pain will be gone, but it lingered on, it's still here.

Thomas:

Yes. Like I said, I think some of this is still being cleared from your body, so there is definitely an inflammation that's still there. I do feel really tuning into the diet aspect of things, I feel like that is going to be really, really important. I feel looking into that. Maybe even different foods, like expanding into different foods that you normally wouldn't even go into. I feel like that is something that would be also a positive thing to look at too.

Sandra:

Okay.

Thomas:

And like I said, I think over the next two months, I feel you will see a little bit of an improvement.

Sandra:

Okay. And then other than diet nutrition, what can I do spiritually, emotionally or whatever? Do I need to do anything in terms of continued healing?

Thomas:

Well, like I was telling you, I feel that there is definitely stuff that's coming up from your early childhood. And I felt like that was what they were showing me. That is kind of a big thing that you sort of need to be aware of. And I feel like anything you could do, you were mentioning the journaling or things like

that, that might be something good to do. I'm not really quite seeing what happened there, but they're giving me the feeling of you kind of holding onto some energy still from that.

Sandra:

Well, I was adopted by my grandmother because my father wanted a divorce. And then my mother remarried and my grandmother and grandfather adopted me and then they wouldn't let her take me with her.

Jennifer:

Beautiful Sandra... Sandra, Sandra my love, that is likely part of what's happening, and it's cool that you're accessing that right now. However, there is an opportunity here, have you ever taken any of my courses?

Sandra:

Well, I attempted to take the weight loss course, I was just having so much, the one that you offered not too long ago, but I was just having so much difficulty with the chronic kidney disease and all that at that time.

Jennifer:

It would be really great because my guides are telling me that you've got something here that you can use.

Sandra:

Okay.

Jennifer:

Okay. Go into that program again, there's a whole thing in there for the kidneys, support the kidneys. When you're in chronic upset that you can't do something like that, it's time to revisit it. And I would say if you can, if it's in the cards for you, join MasterWorks Healing because Thomas and all of these people will be able to support you. Keri, our amazing medical intuitive, did you catch her session on Monday?

Sandra:

Yes I did.

Jennifer:

You might even want to reach out to her privately and get a session with her.

Sandra:

Okay.

Jennifer:

But as Thomas was saying, two things, diet, which the weight loss program helps you identify emotionally, not just going on a diet, it's about identifying the foods that work for you, which you're already started to do, but doing it from a different thing, from energy.

Jennifer:

And secondly, there's emotional work to be done, and that program also has some of the emotional work. And you'll also receive that support here on MasterWorks Healing. What's really exciting, is that out of the thousands of people that are here, you got chosen.

Sandra:

I know.

Jennifer:

To me, there's a message here for you my love, there's a beautiful message here for you. You're ready for what's next and it's as Thomas was saying, it's a combination of emotional and eating, and you've already got one of the products, dive into that and join us. If you can join us here on MasterWorks Healing.

Sandra:

Yes I can.

Jennifer:

Good. Then join us here and receive as other people are being served, okay?

Sandra:

Okay.

Jennifer:

Beautiful, beautiful Sandra. And you've got this, this is your year to really move through these health issues in a new way.

Sandra:

Great. Wonderful. Well, I'm just so thrilled to death. I can't believe that this has happened, that I got chosen today because I know what direction to go now. Before, there was so much....

Jennifer:

Yes. And I want you to notice one little thing before we finish here, which is you have this wonderful energy of, I'm so excited, and then your next sentence after that is why you weren't. That's a little bit of the pattern that Thomas was referencing. And we talked about it last night, push, pull, push, pull, push pull, keeps us where we are. So, just notice... and no criticism, no judgment, I do it too, we all do it. The key is to bring conscious attention to it. Notice that as soon as you go into, oh, I'm excited about this, the next thought is, oh my God, it's because I haven't been able to, and I couldn't, and I wouldn't. And just let the mind release that piece and just stay in the excitement piece. And you're going to learn a lot more in that course that you already have, and you're also going to learn it here on MasterWorks Healing. I'm delighted you're joining Sandra.

Sandra:

Thanks.

Jennifer:

Is it okay if we move to our next person, honey?

Sandra:

Yes. Yes.

Jennifer:

Oh, thank you. Could you pick a number from one to 283?

Sandra:

227.

Jennifer:

227. Awesome. Oh, so much love to you and thank you for bringing forward that information, it was really important for many people.

Sandra:

Thank you.

Jennifer:

Much love to you, honey. Okay. We're going to 227. Thank you, Thomas for that great, great reading. Let's go to 227 here. We're going to Karen in the San Francisco Bay Area.

Karen:

Hi. Well, I need support with conquering a fear around living on my own. I'm currently married and considering leaving that marriage.

Thomas:

Okay. Let me see what spirit says about... Hold on one second. So, first thing I'm seeing is, I feel that they're showing me that either... I don't know if this is something where you've tried this before, or you've tried to do this before... They're showing me something where it's like you tried to do this before, or you wanted to do this before, it's come up before with you, and then they're showing me, it kind of stopped. And one of the things that they're showing me with the dynamic with your relationship is, I don't feel a lot of energy where that person is really open to change, I feel like that person is not open to making changes. I feel the intention of one moving on is more where the energy is with this.

Karen:

Okay.

Thomas:

Because they're just showing me that it's kind of like going in circles. Does that make sense to you?

Karen:

Yeah. Very much so.

Thomas:

And I feel some level of almost like... Not like a relationship... but I see a major financial imbalance and I feel that they're definitely showing me constant financial imbalance, financial issues. They're showing me that too. I don't know if there are like these separate... I almost see like separate accounts or something, I feel like there are these different elements of things. It definitely feels very confusing, they're telling me as far as you actually going on your own, I was asking, they're not really saying so much it is a fear, but they're talking about kind of like your community of people, the people that are in your life and that you need to make sure that you do have a support system around you. Whether that be a friend or I don't know exactly, but I feel like that's kind of where this is moving to. But it's like not so much that they're saying there's a fear, it is just kind of more like you can't totally visualize it happening.

Karen:

Exactly.

Thomas:

And I just feel with your marriage, I just see that person almost on his own energy. I don't know, I keep feeling that he's kind of like in his own path. I just feel that he's kind of in that direction and he's not really kind of open to making any changes or anything like that.

Karen:

Yes. That's true. It's a very stagnant situation and I think you're right, it's not fear, I can't visualize that next step.

Thomas:

That's what it is.

Karen:

Do you have any suggestions on how to visualize that?

Thomas:

I mean, they're actually showing me directly visualizing that, starting to create a space where you can even see what that looks like, doing affirmations, doing visualization exercises, that's something that they're telling me would really bring up a great energy for you. That's what I'm feeling that you need to do.

Karen:

Okay. Thank you.

Jennifer:

Beautiful Karen. Are you open to a little two minute visualization to shift, to put yourself in that energy right now?

Karen:

That would be great.

Jennifer:

Okay. The rest of you, find something in your life that you've been wanting, and we're going to just play a quick, 'what if' game? 'What if' allows us to deter around the mind and get straight to the energy without the mind interfering. Let's just pretend right now that you could be in an energy of, 'what if I were safe and secure and happy living by myself?' What if that were absolutely true and you could do that? For the rest of you, whatever you want to 'what if', go for it. What if I had lots of wealth? What if I had health? What if I had wholeness? What if I were whole? What if I were wealthy? Whatever you want to do. Karen, in your case, you're going to say, 'what if I felt safe, secure, and happy, 100% of the time living alone, living by myself, living in my own energy, in my own home?' What do you think it might feel like if you could feel safe and secure, what do you think that might be like if you could?

Karen:

Absolute joy.

Jennifer:

Yes. Just feel the joy. Breathe that joy in, just breathe it in. Be in the joy, there we go, there's a nice shift there. That's it. And what does that joy feel like?

Karen:

Just light and uncomplicated.

Jennifer:

That's it, light. Let's go with the light and not what it isn't, but it's worth noting what it isn't. But let's go with the light, just feel the light, breathe at it. There we go, there's the energy, that's it. From here, this is the foundational template, which you just didn't really have. It's hard for us to be in an energy that we've never been in before. I play 'what if' to put myself in the energy, create the template. Play in joy and light, and you're going to start reverberating into the world, joy and light. And that will be a creative force that creates what's next for you in this. And from here, you can now probably start visualizing it because you're in the energy of it. Does that feel like that could be true?

Karen:

Definitely. Yes.

Jennifer:

Beautiful. Well done, Karen. Excellent.

Karen:

That was great. Thank you.

Jennifer:

You're welcome, honey. Love to have your energy here. Okay, honey, can you pick our next person from one to 281?

Karen:

Yes, 27.

Jennifer:

27. Thank you love. That was really cool. Thanks for bringing us through that information. Okay, 27. We're going to 7355 in Santa Ana, California.

Kay:

Hi. My name is Kay, and I just want to say Jennifer, I've listened to you since you started in the very beginning. And it was incredible. And I just wanted to say thank you for all your years of giving. And I know you've received a lot obviously, but you've given so much and I just want to say, thank you. And you really helped me at one point, I never decided to call in. I was in a situation and you just explained it exactly to me and said, "it's okay to feel this, don't feel you have to be totally capable all the time, it's okay to feel it." And that just changed that whole atmosphere for me. I just wanted to say thank you.

Jennifer:

Thank you, Kay. It is my delight, as you probably know by now. Thank you for sharing, I'm receiving that fully. And how can Thomas support you?

Kay:

Well, I'm doing a sudden move and I believe it's temporary, and then I would be finding something more permanent. And I just wanted to know if that's what he sees also.

Thomas:

Okay. Yes, I can focus on you. You feel like you could be moving or that you might be moving?

Kay:

No, I definitely am soon within the next couple of weeks. It's only supposed to be temporary, but I just wanted to know if that's the case and then something permanent within like three months. More permanent. That's what I don't know.

Thomas:

Can I ask you, because they're showing me this, have you had different things with this where this... I feel like they're showing me this... Does this come up for you a lot? Like moving or living situation confusion, does that happen to you a lot?

Kate:

No, I was supposed to move six months ago, but circumstances changed that it was delayed to right now.

Thomas :

Okay. I do feel like where you're going. I feel like it would definitely be more of a temporary thing. I actually feel something where you would be going to another area or something. I feel like that could be coming up for you, like maybe a whole new area that you haven't even thought about, or I feel like a different area or something. I see something about you going to a different area. Not necessarily for the

short term move, but I feel like you're going to a different area. If you moved again, would you be considering going to another area? Would you consider that?

Kate:

Yes.

Thomas :

Okay, because that's kind of what I'm feeling with that. I feel you go into another area. I feel you go into an area and it's like they kind of want you to open up to that, and I see that happening. I feel an energy of that definitely happening. I feel like that's kind of what I see happening.

Thomas :

Also, I see some sort of connection with a friend of yours. I don't know if you're moving with a friend or if I'm seeing that friend might be helping you, but I feel some energy with it, like a friend or someone you know. I see them helping you.

Kate:

Yes. The more far-reaching move, would that be within the state I'm in, or is it showing another state?

Thomas :

No, I feel the more far-reaching move, I feel like it's more to another area. I see something like a different area or something. I see it being pretty far.

Kate:

Okay. And that's probably within the next three to four months?

Thomas :

Yeah, I would say three to four months.

Kate:

Alrighty. Thank you very much.

Thomas :

You're very welcome.

Jennifer:

Thank you, Kate. That's lovely hearing you again. Kate, my love, would you open to picking our next person from one to 272?

Kate:

13.

Jennifer:

13 it is. Thank you, love.

Kate:

Thank you.

Jennifer:

Okay, we're going to go to call number 13. We're going to 8759 in Santa Fe, New Mexico. You are on the air.

Phyllis:

Hey, Jennifer, John. It is Phyllis. I haven't talked to you probably since 2011 or 2012.

Jennifer:

Oh, wow. That's been a while.

Phyllis:

Yes. It's been a while. A lot has happened since then. Well, I managed moving to Hawaii. I went into another state, I guess. And now I'm back in New Mexico.

Jennifer:

How can Thomas support you?

Phyllis:

Oh, well, why don't I go ahead and ask about my hip? Because it's been bothering me. I'm in really good health, in good shape and it's just maybe from running in the military or whatever. That's on the right side.

Thomas :

Okay, Phyllis. And where are you calling from?

Phyllis:

Calling from New Mexico.

Thomas :

New Mexico. Okay, great. Let me just tune into your energy and see what is coming through and what I'm feeling. You said that you have hip issues sometimes?

Phyllis:

Yes. It kind of comes and goes, like inflammation. I know it's the right side, male power, but this time there's a little numbness down in the toes and I got some Reiki recently and I was waiting to see an osteopath.

Thomas :

Okay, let me ask Spirit what I'm seeing. Hold on.

Phyllis:

Sure.

Thomas :

Phyllis, do you have a sister?

Phyllis:

Yeah, I have a sister. How do you know that?

Thomas :

It's weird. We will just have to go back to your other thing in a second, but I'm onto something else now.

Phyllis:

That's fine.

Thomas :

You have a living sister?

Phyllis:

Yes.

Thomas :

Okay. And is there, I don't know if it's a geographical or emotional, or maybe it's both? But are you guys estranged?

Phyllis:

Yes, in a way. I mean, she's really different and I'm a loser, I'm on a spiritual path. You know? I'm not in a big house with a rich husband yet.

Thomas :

Okay. Your energies are more different in the way you go about things. Is that right?

Phyllis:

Yeah, and my sister has no idea what I do and doesn't care. It's all about her.

Thomas :

Okay. I see. And is your dad on the other side? Did your dad die?

Phyllis:

Yes, they all did. They all went up together: father, mother, brother.

Thomas :

And who was I picking up on? Because I'm getting this in my chest. I'm feeling a lot of breathing problems. For some reason I'm getting breathing problems, or somebody having breathing problems.

Phyllis:

Oh, you're dead on. Do you want me to tell you?

Thomas :

Yes, I just know that I'm getting that. I'm not really sure what it has to go with, though.

Phyllis:

I had an Ayurvedic doctor pointing out that I had a little bit of a deviated septum. I'm breathing through my mouth a lot. I'm working on being aware and stop doing that, and it creates a little bit of a... What do you call it? A thing where you get that drip in the back of your throat, with a cough. Yes, so there is some breathing. I need to work on that.

Thomas :

There's some breathing... Can I ask you, because I'm seeing this. At the end of your dad's life, would I see him going through a lot of health problems or having a lot of health issues? I see immediately with him, a lot of health stuff happening. Do you understand that?

Phyllis:

Oh yes, he was an older father. He was 97.

Thomas :

Okay, so maybe I'm good. And also, I see horses that are around.

Phyllis:

Oh my God! You are accurate. I'm working with horses now. I just woke up in June and said, "I need to work with horses." So, I'm working with horses. Yes.

Thomas :

And is that more something that you're doing just as a hobby or something?

Phyllis:

Yes. It's New Mexico and there are horses everywhere, stray horses. I work at a shelter and I just started doing it. I just love it and I take photos and it's just heart opening. You learn how to deal with many things. Kind of like Allison Armstrong who teaches that course, Jennifer, with horses. You're really learning a lot about dealing with people too, they're so sensitive.

Thomas :

Yes. I feel like as far as the thing with your hip, they're showing me is something that I feel you will be clearing in the near future. They're just showing me that it's kind of like there's an imbalance in your

body. It's nothing that's coming through where they're saying, "Oh my God, this is bad, bad, bad!" Or anything like that.

Phyllis:

Okay.

Thomas :

Yes, they're showing me that you need to keep working through. It looks like, I feel that your body is kind of holding a lot of energy there. I feel that's part of it, is that there is a lot of energy being held there, but it's not something that they're bringing up that they're really worried about or anything. Nothing like that, that is what I'm seeing.

Phyllis:

Okay. Thank you. I needed to hear something because I'm so healthy and this kind of started in Hawaii and I finally had to just drop a government job. I manifested it really quickly, but it was so toxic there I left. And now I'm kind of moving back towards going back, but in a different capacity. I'm aware that it's something I need to work through, but I'm just kind of worried.

Thomas :

Yes.

Jennifer:

It's not something to worry about. It's great that it's not something to worry about. Thank you, Thomas, for bringing that information forward.

Phyllis:

Yes. Thank you.

Jennifer:

Thank you, Phyllis. It was lovely speaking with you again. Thank you.

Phyllis:

Yes, same here.

Jennifer:

Phyllis, my love, would you pick another person from one to 263 please?

Phyllis:

Okay, that's number one!

Jennifer:

Number one. It looks like it might be Michelle 3651 in Tennessee. You are on the air.

Michelle:

Hi. Thank you for taking my call. You are a medium, so I was wondering if you had any messages for me from, especially my sister I lost last year, or any messages from higher guidance or departed loved ones.

Thomas :

Okay, we can ask about that. Just see here what I'm feeling. And do you have more than one sister over there or just one? Because I'm feeling two.

Michelle:

Yes.

Thomas :

Oh.

Michelle:

I have three. All my sisters are on the other side.

Thomas :

Oh, interesting, okay. Because I think one of them is here, definitely.

Michelle:

I'm close to two of them. The other one I wasn't as close to.

Thomas :

Yes, there are two. Like I said, there are two that are coming in.

Michelle:

Yes.

Thomas :

Okay. Interesting. Because I feel two coming in. Okay. Let me just see what I'm feeling. Hold on. I just heard the name "Ken." Do you know that name?

Michelle:

Ken? I can't think of anybody off the top of my head. No, not Ken. No, I can't think of any.

Thomas :

Is there a sister that I would be feeling that went very, very suddenly? It feels one is coming through where it was more like a sudden thing. Do you understand that?

Michelle:

They both went suddenly. Both of them were not natural causes, yes.

Thomas :

Okay. And is there one that I would be feeling when her personality comes through? I see her being very... Almost like I want to say "life of the party," very... I don't know, very like that. I don't know. Do you understand that? Does that make sense to you at all?

Michelle:

There were both. Both could be kind of animated. It just depends on the situation.

Thomas :

And then I'm also seeing somebody... Again, I don't know. They're kind of coming through almost together, but somebody is showing me that they visit you or connect to you through butterflies. I don't know if you do?

Michelle:

Yes.

Thomas :

Do you get signs through butterflies? Because one is telling me...

Michelle:

Yes.

Thomas :

I think it's more one than the other, but I feel like one. And also they're telling me too, they're kind of just both chiming in with this, but they just told me this, that they're with Grandma.

Michelle:

Wow.

Thomas :

I think that this woman, what I'm feeling is Grandma, I think that she would be... I get the feeling that she would be very close to you guys. I feel like you would've... I don't know. Does that make sense to you at all?

Michelle:

Our grandma, we really only visited her a few times, maybe.

Thomas :

I think she lived on a farm or something. I don't know. Do you have a grandmother that would be connected to a farm? I'm seeing a farm?

Michelle:

Not that I'm aware of. No, I really don't know of a grandma on a farm. We did have different fathers, even though we all grew up in the same house.

Thomas :

Okay. Maybe it's something that goes more with them or something. Now, do you have anybody in spirit? I don't know if I might be leaving them for a second, but I just want to ask you, is there anything that I'm seeing where somebody passed by suicide?

Michelle:

Yes. One of my sisters was suicide. The other one was just murdered last year.

Thomas :

Okay. And the suicide one, just to kind of go back to this, the suicide one is the one that passed a long time ago?

Michelle:

In 2013, yeah.

Thomas :

Oh, okay. And then the murder one is more of a recent one?

Michelle:

Yeah, June of 2021.

Thomas :

Okay. Now, it's interesting because they're telling me with that one... That one seems not really solved yet, or I feel like there's somebody, there's another energy involved with it or something. Is that true?

Michelle:

The trial hasn't happened yet. It's supposed to start in February, but we know exactly who did it. We know exactly who did it. He's behind bars.

Thomas :

Okay. And was he somebody that was very close to her, like somebody that she knew or something like that?

Michelle:

She married him in February of 2019 and then he murdered her in June of 2020. I begged her to leave him.

Thomas :

Okay. Of course, with your sister, I feel that she's in a different energy with that and I guess she's moved on from that, I feel.

Michelle:

And I'd hope so for her sake, yes.

Thomas :

Yes, and is she the one that was murdered? Is she the one that sends you the butterflies?

Michelle:

Yes. I asked her for signs not long after and I got three butterfly visitations, unusual things, in like 36 hours.

Thomas :

Yes, she's showing me that.

Michelle:

Yes. That was beautiful. I asked her for signs and she gave me three different butterflies. Just really unusual things in less than two days.

Thomas :

Yes, she said she sends you something with butterflies.

Michelle:

Thank you, Suzie. Thank you.

Thomas :

Okay, good. Well, I'm glad we were able to pick up something about that.

Michelle:

Thank you so much. I appreciate it.

Jennifer:

Michelle, I'm sorry for your loss.

Michelle:

Thank you.

Jennifer:

And as Thomas said, she's doing great over there. The fact that she can send you butterflies is pretty cool.

Michelle:

Yeah, thank you.

Jennifer:

Thank you for having the courage to share that story. The cool thing is you now have all of these angels on the other side that are supporting you.

Michelle:

Yes.

Jennifer:

And that doesn't feel as good having them here, but it's real.

Michelle:

Thank you so much. Well, I've got to believe they're not in the pain they were in during our lifetime.

Jennifer:

They are definitely not.

Michelle:

I hold onto that.

Jennifer:

They're definitely, definitely not. Especially the one that passed a long, long time ago.

Michelle:

Yes.

Jennifer:

She's doing great.

Michelle:

Thank you.

Jennifer:

Much love to you, Michelle. Thank you for bringing forward that information. And again, thank you, Thomas, for your incredible accuracy. Michelle, my love, would you pick our next person from one to 262?

Michelle:

111.

Jennifer:

111. Thank you, Michelle. Much love to you, honey.

Michelle:

Thank you. Bye, bye.

Jennifer:

Okay. Before I go to 111, I do want to circle back to Thomas's special offer. Just imagine this person who has the level of accuracy that he has exhibited during this call already, where almost without an exception, at least two or three people start to giggle at, "What? You just said what now?" And imagine that that person can now bring forward the most amazing insights, information, healing meditations and programs. And not only that, but you also get to have an entire evening with him of psychic readings that's coming up on February 24th. Here's what you're going to receive with this amazing special offer. You can go to www.predictionsweek.com/thomas2022.

Jennifer:

And Thomas went all out this year knowing that this is an important year and he has brought forward 365 daily healing prayers, which means each day you will receive powerful personal healing and prayers from Thomas fueled by his contact with the other side. Prepare to receive this amazing support daily as you go about your day. You don't have to tend to anything, you don't have to do anything. You'll just receive it every day for 365 days. Isn't that amazing? I can't think of a better thing. That alone is worth the whole offer, being supported by this amazing soul.

Jennifer:

Secondly, you're going to get the complete Predictions Week Handbook for 2022. He has created a powerful overview of the year and he goes deep into what he sees happening in different areas of the world and life. If you are curious about what Thomas sees, it's a wonderful handbook. Many people get this offer just for this. There is also a night of psychic readings live on Friday, February 24th, and you can go even deeper into 2022 possibilities and possibly receive your own reading. And as you know, you get messages, they use us. Butterflies is my sister. There's no question that Michelle showed up so that my sister could say, "Yep, that's me too." You will get more of that on that beautiful evening of live readings.

Jennifer:

Plus, there are three bonuses, proven guided healing short meditations. Thomas, this is thoroughly transformational, guided healing and audios and meditations. These are insights that will help you shift and access your loved ones' past. They're here to help you resolve your karma. They're here for you to identify ways to work with your angels. If you're seeking specific answers, the fruit tree, meditation's beautiful, then there's this wonderful 18-minute meditation to help you connect with your own loved ones in spirit. If you're wanting to connect, those are all your free bonuses, those are all available to you. And then on top of that, we've got three brand new programs for this season's predictions week offer. If you have purchased it before, you've got all those free bonuses already, you're going to get an addition, all of these amazing three brand new programs.

Jennifer:

The first one is developing your intuitive mind. This is a full blown eight-part video program and series. It's really tapping into your ability. If you have a hunch about something, it turns out to be true. Do you have vivid dreams that are very detailed? Do you feel the energy of others around you? Do you wonder if you have a spirit guide? Whether you're a seasoned intuitive or a novice here, Thomas's workshop, this powerful recorded video will help you to tap into your own intuitive powers. And again, he brings this wonderful connection from the other side to all of his courses. It's going to focus on the nature of intuition on auras, psychic protection, spiritual rounding techniques, and techniques on how to connect with spirit and so much more. Again, it is a five-part video series, and there is actually a ninth video.

Jennifer:

That was a bonus that they added. That eight-part video series is there for you as well as everything else. Then there is this four-hour master class audio recording, where you learn tips on how to identify your soul mate relationship. This is called Match Made in Heaven. Prepare to uncover techniques to help you open your heart tracker, which is a major key to all soul mate connections, learn how to tap into the spiritual energy of manifestation. You can create and sustain your destiny to meet your soul mate, and also build skills to manifest soul mates that are friends, pets and lovers. We have so many soul mates in our life, my beautiful kitty cats, my best friend, married two soul mate relationships. If you're looking for more of those, prepare to also release the energy that no longer serves you, and might be blocking you from these things, that's a powerful four-hour master class for you.

Jennifer:

And then the third amazing program is so cool. Imagine having the guy who plays with your guides, help you to meet your guides. This is Meet Your Spirit Guide video program. And there is this very real spirit world filled with loved ones and guides and ascended masters, and angels, all of who are rooting for your success. They're all rooting for you. And this powerful video program is actually here to support you in accessing those amazing guides through Thomas John's brilliance.

Jennifer:

Your guides want to help you. And Thomas helps you to meet your guide and you're going to learn personal techniques and more in this very special video course, it's really profound. All of that is here for you. It's over \$500 value and it's here for you for about a quarter of that. And again, remember just the guidebook alone is what people sometimes get this program for.

Jennifer:

And then they dive into all this other amazingness. The prayers every single day, imagine receiving prayers from Thomas every day. I hope you join in. I hope you receive this powerful offer. And again, thank you to Thomas for creating this powerful set of wonderful opportunities to heal and grow and tap in. Thank you, Thomas. I appreciate this amazing offer.

Thomas:

Yes, I'm excited about it. I'm excited to share it with you guys. So beautiful.

Jennifer:

Okay. We're going to 0485, in Tennessee. You are on the air.

Deborah:

Hello. This is Deborah.

Jennifer:

Hey Deborah.

Deborah:

Yes. Gosh caught me kind of unawares. I've been trying to do a little connecting. I'm just wondering do you see any guys there close around that would be willing to work with me?

Thomas:

Okay. Yes, let's ask and see what's coming in. Okay. And your first name is Deborah?

Deborah:

Yes.

Thomas:

Okay. And where are you calling from?

Deborah:

Tennessee.

Thomas:

Oh, wonderful. Okay, great. Let's see what I'm feeling? Hold on. Hold on. First thing I'm seeing is something with writing. Actually, I don't know exactly what this is, but I see something with writing. I don't know. Do you, do you do any writing?

Deborah:

No. My husband was interested in writing before he passed.

Thomas:

Sorry. Okay. Do you have any things related to that with him? Do you have some of his writing or some of the things that you'd like...

Deborah:

Yes. I do.

Thomas:

Okay. Can I ask you, because I'm seeing this. Are you at all with his family? Do you see his family? Are you close to his family at all?

Deborah:

At one time? Yes. But now I'm in a different state and don't see them as often.

Thomas:

Okay, because they're showing me... Yes. It's interesting. I see something about almost he wants you... So you don't really reach out to them at all or anything like that?

Deborah:

Occasionally.

Thomas:

Okay. What about if I, because they are showing me this. What about a dog... I feel like they're showing me a dog in spirit or a dog in, I don't know. I do see a dog on the other side. Is there a dog that would be in spirit?

Deborah:

Not that I'm aware of.

Thomas:

Okay. I see like a large black dog.

Deborah:

Large black dog.

Thomas:

Hold on. What about the name... Do you have the name Frank? Or I hear the name Frank.

Deborah:

Frank. He has a brother Frank, but he's living.

Thomas:

Do you have anything to do with him or do you see him at all?

Deborah:

Not for a while. No.

Thomas:

Okay. I just kind of feel this. I feel that I see something from your husband about... There's something where I'm seeing something about him being around you a lot in dreams. And I don't know. I am seeing that. Do you ever get visitations with him in dreams? Do you feel him at all in your dreams?

Deborah:

I do, yes.

Thomas:

Yes, because I feel like that's something that he's bringing up. He would like to connect to you more in your dreams and it just might be a way that, I don't know. I just feel like he is talking about that. So just paying attention to that kind of, but I know that he's very connected to you and I know that for some reason, I feel he's talking about coming in your dreams, visiting you in your dreams, things like that. It just might be something for you to pay attention more to or something.

Deborah:

Right, right.

Thomas:

Yes. So you have had some times him coming in your dreams?

Deborah:

Yes. Yes I have.

Thomas:

Okay. I think he's just kind of bringing that up. I definitely get a sense of him being around you and there's something, I don't know. I don't know. He's talking about something where he's going to be with you on an upcoming trip. I don't know if it's like soon, soon, soon, but I feel like there's some sort of trip that he's showing me that he's going to be, I don't know. Are you going on a trip soon or anything?

Deborah:

One of my sons will be married soon. And that might possibly be it.

Thomas:

Okay. I see some sort of thing with your husband, I don't really know. I feel like it's some sort of a financial thing I'm seeing or some sort of... I see some sort of financial thing that I'm seeing and I feel like there's something that looks like a financial, sort of a shift happening around you or something. I don't know if you understand this.

Deborah:

Right.

Thomas:

Do you understand that at all? Or does that make sense to you?

Deborah:

Yes. It sounds accurate.

Thomas:

Okay. And I feel like your husband is telling me that there have been things where you are sort of, you've been looking at some certain changes and you've been looking at some certain shifts and stuff and it's not like a big thing, but I feel... I don't know. That's what they're showing me though.

Deborah:

So, okay. Thank you very much.

Thomas:

Okay good.

Jennifer:

Thank you very much, Deborah. Thank you, honey. Deborah, my love would you pick our next member from, or person 1 to 255.

Deborah:

145.

Jennifer:

Okay, perfect. Thank you so much, honey.

Deborah:

Okay. Thank you.

Jennifer:

Okay. You're on the air.

Sandra:

Thank you. Hello, Jennifer. Hi, it's Sandra. I was on on Monday and I thank you for this support. I really felt guidance to sign up for receiving a reading with Thomas today as well. And I truly appreciate this opening. You've both provided for supporting us and supporting me.

Jennifer:

Beautiful. How can Thomas help you?

Sandra:

Okay. Thomas, I'm wondering if you have any insights around or guidance that comes to you around either completing my book or love in my life. I couldn't decide which one. So whatever pops up to you, I would value any insights or guidance that comes to you.

Thomas:

I feel a lot of energy coming up with the writing. And they're making me feel like they're showing me that's a big thing.

Sandra:

Yes, yes.

Thomas:

And they're saying that there is a lot happening with that and they're basically making me feel that there is a huge energy that's coming up with this. And they're telling me that it's kind of like in the past, you kind of haven't been totally ready and now they're giving you the feeling that the energy is moving where writing is, and basically spirit is telling me that your book is already done. It's just kind of about sort of organizing it and getting it out there, but they're basically telling me that your book is essentially done. Yeah. So you have to kind of organize, and I see it being something. I feel like I do see you talking about yourself with it, but I feel you talking about yourself in it, but I feel it being something that helps people on kind of a larger level.

Sandra:

Yes.

Thomas:

And I see it being in something that people can take stuff and kind of implement things.

Sandra:

Thomas, thank you. I'm just getting the shivers. I needed to hear that, I truly did. And I receive it and I feel the truth of that. And I will keep at it and I will keep it, cleaning it up and hold on and move forward with it.

Thomas:

Yes. I definitely feel doors open and I feel good things.

Sandra:

Oh, thank you so much and thanks for showing up today when you also have respiratory things going on in your life and your body. Thank you for being in service today. And I'm breathing this in and receiving it. Thank you so much.

Jennifer:

Thank you, Sandra. Thank you for your beautiful energy.

Sandra:

Okay. You take care.

Jennifer:

Okay. You too, honey. Much love to you.

Sandra:

Bye. Thank you. Bye.

Jennifer:

Thank you. What an amazing session as always Thomas. We so appreciate that you continue to be part of this amazing membership. Your gifts are undeniable and they open my heart every time I'm with you and present with you and experience your brilliance. Thank you for being here as part of predictions week. Thank you for joining us on master healing. I just so appreciate you. Thank you, Thomas.

Thomas:

Of course, it was great to be here as always.

Jennifer:

We have the Mary Hall coming up next as part of our double feature today, leading into our two triple features this weekend, we're going to have six more speakers this weekend and Mary A. Hall tonight.

Jennifer:

Mary is a remarkable abundance coach. She has this incredible ability to tap in at the deepest levels to our abundance frequency. Because Mary starts working with us before the call, you're going to start

noticing an opening of the heart and opening of your energy field. And then she'll be working with us one on one, doing session and readings. She'll also be bringing through the divine predictions from the heart this year as well. It's a must listen. Bye-bye now. Goodbye Thomas.
